

# Quickbooks Pro Desktops Hosted Cloud Services

## Why make the transition?

- \$ This is NOT using the crippled Quickbooks On-Line Service Intuit continues to push you to migrate too.
  - \$ Use your current Quickbooks Pro and Windows versions and licenses. Bring Your Own License (BYOL).
  - \$ No hardware to maintain, Windows updates or Anti-Virus forever.
  - \$ Enable true QuickBooks Pro Desktop multi-user mode, allowing you, your co-workers, CPA and/or Quickbooks Pro Advisor to work simultaneously and remotely from any computer.
  - \$ Connecting is as easy as logging into your Windows Desktop using the native Windows RDP client and/or free Teamviewer application.
  - \$ Free automatic, geographically redundant and encrypted backups to your office, home, CPAs office and multiple datacenters.
  - \$ Securely share any size files with any of your co-workers, CPA and/or QuickBooks Pro Advisor with a drag and drop.
  - \$ It's literally your own Windows Workstation in the cloud, so you don't have to stop at running just Quickbooks. BYOL for any windows application you desire to use, keep safe and it's data secured.
  - \$ Flip to next pages for easy to understand illustrations of how our Workstations make your bookkeeping more productive.
- 

From any computer anywhere its as easy as logging into your Windows Desktop. Safe, Secure, Multi-User Mode

Work Simultaneously on your Quickbooks Desktop with your co-workers, CPA and/or Quickbooks Pro Advisor in true multi-user mode from anywhere. No additional licenses or hardware needed...
